A warm invitation to ECSS Paris 2023

Dear Colleagues in Eastern European countries,

We hope that you're well and had a good start to 2023.

The European College of Sport Science (ECSS) warmly invites you to participate in the 28th ECSS Annual Congress in Paris from 4-7 July 2023 – one year before the 2024 Paris Olympic and Paralympic Games.

We've received the highest ever number of proposals for the invited programme since the founding of the College, covering many fascinating topics. In addition, we've had more abstracts submitted than ever before by that time. We're therefore working towards a very unique and successful congress this summer and encourage you to be part of it!

We would specifically like to meet with representatives from Eastern European countries during the congress to introduce ourselves and discuss the possibility of a future host from Eastern Europe. With our international focus in mind, we're very excited about the possibility of organising a future congress in Eastern Europe and exploring this together. We therefore invite you to meet with key representatives from the ECSS at **12:15-13:15 on Thursday, 6 July 2023** during the official lunch break (meeting location tbc).

Please send us a brief email (office@sport-science.org) letting us know if you're interested in this opportunity. We hope that further opportunities can also be addressed during our meeting, such as exchanging about specific study/PhD programmes, occupation opportunities for sport scientists in/from Eastern Europe, and other hot topics.

The abstract submission deadline is **15 February 2023**. Further information about the congress, including registration and accommodation options, can be found on our [website](#).

We look forward to hearing from you.

Yours sincerely

Prof Dr Alexander Ferrauti
President Elect

European College of Sport Science is a not for profit organisation dedicated to Sport Science.
VAT-ID: DE251715668 - St.Nr.: 223/5905/0216 - register of associations: VR12508

Executive Board

Prof Dr Jørn Wulff Helge, President
University of Copenhagen, DEN

Prof Dr Erich Müller, Past President
University of Salzburg, AUT
